Someday you'll thank me" Commentary 542 by Mark R Tonelli, MD, MA In this era of evidence-based medicine (EBM), Dr James seems either very brave or very foolish to recommend a course of action that appears contrary to the best available evidence produced from clinical outcomes research **Hello! Wow. Thank you.**

But you never needed me to tell you that That's why this was a little bit weird The only thing I can really say is what I've been building up to for the past five minutes Thank you Thank for inspiring me Thank you for giving me hope, and please keep changing the world for ...

Happiness and Education - Assets

excuse, "Some day you'll thank me for this"? Parents and educators are sustained in this attitude, in part, because so many adult chil-dren do thank us for their perceived success - a success, sometimes questionable, that they credit to their earlier misery And so, they are ready, even eager, to inflict a new round of misery on others
